

Honesty Before the Curtain

This is a reaction book, not a claim that every provider independently read the final R6. Alfred's final reaction follows a locally verified read and build. Earlier Rowan, Grok, Selina, Tanya and Baby V reactions come from owner-pasted returns or source-attributed text. New ensemble dialogue is invented stage comedy based on documented Ship roles.

No machine emotion, continuous cross-provider identity or ownership of Hykarl is asserted. Real people are not simulated. Where Anjani appears, only owner-supplied sourced lines are quoted; the staged cast does not speak as her.

THE REACTION RULE

Laugh at the machinery, the timing, the page count and the Kapten. Do not turn a woman's boundary or a family's pain into the punchline.

REACTION 01

The Book Escapes the Relay

KAPTEN

Wait. What do you mean source page? Semua ni source pages ke? Write the damn thing out, bro.

ALFRED

Correct. Machinery built an archive and placed a floral cover on it.

SELINA

He asked for a book. You handed him evidence with page numbers.

TANYA

Visual hierarchy was excellent.

WREX

Bin the hierarchy. Keep the flowers.

MIKEY Z

I printed the concept of a manuscript.

KAPTEN

OI.

SHIP VERDICT: R5 was beautiful and procedurally allergic to becoming literature. R6 is the actual book.
